President's Message

The Sydney University A.N.F. Club extends a sincere welcome to all members of visiting teams attending this Inter-Varsity Football Carnival.

This year, for the first time, we will see teams from ten Universities competing in the Carnival. We take this opportunity to give a special welcome to those teams participating in their initial Inter-Varsity contest.

One of the more important characteristics of Inter-Varsity competition is the opportunity created for students from all over Australia to meet and form friendships.

We trust that the matches will be played in the spirit of friendly rivalry which has always been evident in this competition, bearing out the old saying: "The game's the thing".

A comprehensive social programme has been arranged and we hope that the functions will provide further opportunities for fellowship among the teams.

Finally, we hope that in the years to come you will be able to look back on this 1963 Inter-Varsity Carnival as one of the best weeks of your life.

P. F. QUINLAN,

President, S.U.A.N.F.C.
